Customer Satisfaction:

Fuel Card Services is committed to meeting YOUR service expectations. The team here at *Fuel Card Services* will provide you with the highest level of customer service.

Value - Savings from Fuel Card Services

Weekly Nationwide Pricing:

We monitor our fuel prices daily to ensure that we are always competitive with other fuel suppliers. We aim to be consistently below the UK average pump price.

Diesel Direct is a bunkering network; we can purchase fuel from a range of suppliers to deliver into our extensive network of sites. This allows *Fuel Card Services* to negotiate the most competitive rates, which can be passed on to our valued customers.

VAT Recovery:

You can be prepared by issuing *Fuel Card Services* cards to your employees for purchasing fuel. In this way, you can avoid the risk of not being able to reclaim 20% of your fuel costs by becoming the direct purchaser of the fuel rather than your employee.

Quality from Fuel Card Services

The cards offer excellent security features:

- Cards can be set up so they can be used to draw diesel only, which restricts fraudulent use.
- PIN numbers are used at unmanned filling stations.
- Where the registration number of the vehicle is embossed on the card, fuel should only be able to be drawn for this vehicle.
- Liability is with the card provider, two working days after notification in writing of the loss of the card.

**A small surcharge is applied at Tesco sites
